STRETCH CORNER

Model 6051

EVERYONE NEEDS TO STRETCH

Flexibility is all important to our physical and mental health, but few people stretch. Why? First, most people don't know how or what to do. Second, they don't like lying on the floor in a busy health club. The Stretch Corner takes care of both of these reasons. It provides a guide on what to do and all stretches are done from a seated or standing position. With a footprint of less than 32 sq. ft [2.97 sq. meters], it guides you through 14 different stretches and accommodates up to three people at once. It would be hard to do more in the same space.
